Hi Judge, I was made aware that an 89-page document was filed on this issue yesterday.
I would respectfully request that these two documents attached be added to the filing.

Thank you!

Jennifer

Calculation of price per page per feed for real time transcripts

There appears to be a fundamental error in the price per page per real time feed when there are 5 feeds based on the following:

1. The current calculations demonstrate an incremental increase in the price per page per real time feed as the number of feeds increase with only exception being at 5 feeds as noted below:
 - 1 feed = \$3.05/page
 - 2 feeds=\$4.20/page (2.10/page x2)
 - 3 feeds=\$6.30
 - 4 feeds=\$8.40
 - **5 feeds=\$7.50 (1.50/page x5)**
 - 6 feeds=\$9.00
 - 7 feeds=\$10.50
 - 8 feeds=\$12.00
 - 9 feeds=\$13.50
 - 10 feeds=\$15.00

A reasonable solution that honors the underlying premise of incremental increases in cost per page per feed:

2. If the formula for 4 feeds was applied to a reasonable formula for 5 feeds, then the incremental increase in price per page per real time feed continues that follows the underlying premise as previously noted with real time feeds greater than 5 feeds calculated as above:
 - 1 feed= \$3.05
 - 2 feeds=\$4.20
 - 3 feeds=\$6.30
 - 4 feeds=\$8.40
 - **5 feeds=\$8.70 (\$1.74/page; midpoint between 4 and 6 feeds)**
 - 6 feeds=\$9.00 (\$1.50/page)
 - 7 feeds=\$10.50
 - 8 feeds=\$12.00
 - 9 feeds=\$13.50
 - 10 feeds=\$15.00
3. In conclusion, the price per page per feed at 5 feeds should be \$8.70/page consistent with the incremental increases in cost per page per real time feed and is the midpoint between 4 and 6 feeds (See attached graphic tables).

RJG
4/2/18

Federal Court: Costs per page per real time feed

Using current interpretation

Feeds	1	2	3	4	5	6	7	8	9	10
Costs	\$3.05	\$4.20	\$6.30	\$8.40	\$7.50	\$9.00	\$10.50	\$12.00	\$13.50	\$15.00

Using logic model for incremental increases in costs per page per feed

Costs	\$3.05	\$4.20	\$6.30	\$8.40	\$8.70	\$9.00	\$10.50	\$12.00	\$13.50	\$15.00
-------	--------	--------	--------	--------	--------	--------	---------	---------	---------	---------

Logic Model for Incremental Increases

Lincoln,

What does Cari recommend that we do? If she agrees with my interpretation, then someone needs to submit a CJA voucher with the correct amount of payment.

Jim

Judge Browning,

Cari agrees with your interpretation (see below for ease of reference.) Jennifer has already re-submitted a new CJA 24 for all parts of the trial ordered by Ms. Duncan. Jennifer has done so at the rates set out below (four feeds to CJA counsel totalling 6.00 per page) so you should now have that in your eVoucher inbox for final approval.

Judge Browning wrote on 3/20/18:

- (1) The correct cost will be \$1.50 per page
- (2) CJA will pay for 4 pages (\$6.00)
- (3) USA will pay for 1 page (\$1.50)

Total: \$7.50.

The April 14, 2011 memorandum makes this clear. See Ex. A (highlights and underline added). The bad break is at 5. She is better to do 4 (\$8.40) or 6 (\$9.00). 5 only gets \$7.50, which does not make sense, but appears to be the AO rate.
